LOCAL BEER ON TAP

<p>Barnstable Brewery, Hyannis Blueberry Ale - A refreshing light fruit ale fermented with frozen Blueberries from Maine and hopped with Northwest US hops. Jesuit Juice - Tons of tropical fruit, big juicy flavor, and long hazy appearance. It's full of ridiculously good hops. Cape Crusher - This "bier" is full-bodied, mildly sweet, light-colored, with lower amounts of perceived bitterness, making it the perfect beer to "crush" at your favorite places.</p>	<p>Cape Cod Beer, Hyannis Beach Blonde - A polished golden ale with a hint of toasted malt character and a clean finish. This refreshing, light-bodied American Blonde Ale is smooth and easy drinking.</p>
<p>Hog Island Brewery, Orleans Outermost IPA - Well-balanced IPA, strong tropical bouquet of mango and grapefruit aromas. Just the right amount of bitterness.</p>	<p>Cisco Brewers, Nantucket Whale's Tale - An English-style pale ale, wonderfully balanced with a rich honey color and fruity hop aroma. Grey Lady - A wheat ale brewed with lemon peel, chamomile, coriander, other spices and natural flavors.</p>
